

5th ANNUAL PUBLIC HEALTH DAY AT THE NEW MEXICO LEGISLATURE

Thursday, February 14, 2019

Show your love for public health on Valentine's Day
Help celebrate the 100th Anniversary of the NM Department of Health

Sponsored by:

New Mexico Department of Health
New Mexico Alliance of Health Councils

Public Program: Noon to 1pm in the Rotunda:

Lieutenant Governor Howie Morales
Secretary of the Department of Health
Representative from a Tribal Health Council
Senator Liz Stefanics

Leigh Caswell:

Director, Center for Community Health at Presbyterian Healthcare Services

Exhibit Tables: Various organizations and agencies will have tables in the East and West Halls of History, starting at 8 am

This will be a great opportunity to educate the public and policymakers about the importance of public health to the overall well being of New Mexicans. A great deal of attention and resources are devoted to the downstream effects of poor health policy, with too little attention paid to upstream policies that can have a much greater effect on the health of New Mexicans.
